Dear Mr. Weisberg:

Thank you for your latest note and for a copy of your book, Case Open. I note that you had some problems with your first book covering this particular subject.

I suppose that the JFK assassination will continue to be the subject of many arguments and disagreements for years and there is little hope that that case could actually be closed completely in the minds of so many. I am glad to see that you are still not giving up and I look forward to taking a look at this most recent book.

Sincerely,

Nackey S. Loeb

Mrs. William Loeb
